Points of Discussion and Decisions

The following points were discussed and put forward to the Hon'ble Vice Chancellor for approval:

A. Regarding Eligibility to BCA Course:

- Members decided to recommend removing the restriction of 10+2 with Mathematics as eligibility for the BCA course from the 2021 session onwards. Instead the eligibility was now kept open as 10+2 with any subject.
- It would now NOT be mandatory for students not having Mathematics at 10+2 level to opt for Mathematics as Generic Elective for 4 semesters.
- These guidelines will be applicable from session 2021 onwards. However it was informed that due to some confusion, some colleges had given non-Mathematics Generic Electives to BCA Students of 2020 batch, who did not have Mathematics
